

2020 Italian Conference on Optics and Photonics (ICOP)

Extended Paper Submission

Deadline: **10th October 2020**

ICOP 2020 Authors have the possibility to submit an extended version of their presented contributions for publication in the **IEEE Xplore Digital Library**. All papers that are published as part of the Proceedings of ICOP2020, will be made available to all participants.

Papers will be submitted in **IEEE Xplore®-compatible PDF** form. The IEEE PDF eXpress site will be used to validate the papers.

The extended paper submission should meet the following criteria:

- a) **Originality:** Authors must submit original work that:
- it' original and has not appeared elsewhere for publication
 - is not under review for another refereed publication
 - suitably cites previous work, to avoid plagiarism
 - indicates how it differs from previously published work.

IEEE policy requires all submissions to its journals and conference proceedings to be screened through a plagiarism detection process.

Checking for similarity with previously published work will be done by the Proceedings Editorial Board, by use of IEEE Cross-Check portal. In case of misused content in meritorious submitted manuscript, the Proceedings Editorial Board may inform the author of the reported similarity and have the author **revise the paper accordingly and resubmit it**.

- b) **Language:** Contributions must be written in English;
- c) **Source document:** Extended papers (including abstract, tables, figures and references) must be a **minimum of 3-pages and a maximum of 4-pages**, prepared as camera-ready using the proper template available at the link: <https://www.ieee.org/conferences/publishing/templates.html>

Any changes made to a PDF after IEEE PDF eXpress conversion or PDF Checking may invalidate *Xplore* compatibility. This includes headers, page numbers, copyright notice, watermarks, etc. If any of these elements are desired, they should be added to the document before a PDF is created.

- d) **Transfer of Copyright** all authors intending to publish in the IEEE *Xplore*® digital library must provide a transfer of Copyright. IEEE copyright form, properly completed and signed, must be submitted in order to correctly complete the submission process. Instructions to submit an electronic Copyright Form will be mailed to authors, after extended papers have been properly received by the Proceedings Editorial Board. A specific copyright notice has to be added to the bottom of the first page of the source paper document, as explained afterwards.
